Empowering Decision Makers: A Hands-On Workshop with Power BI for Data Preparation and Dynamic Presentations

19 or 26 April 2024
| 9 AM - 3 PM | Daisy Room, Level 2, Le Quadri Hotel KL
Participants are kindly requested to bring their own laptops.
Do take note that Apple laptops is not compatible with Power BI

In this workshop, decision makers will delve into the world of data-driven decision-making through hands-on training with Power BI. Participants will learn how to filter and manipulate datasets effectively, creating dynamic and interactive dashboards that communicate insights clearly and compellingly.

Through practical exercises and real-world examples, attendees will gain the skills and confidence to leverage Power BI as a powerful tool for informed decision-making. Whether you're new to Power BI or seeking to enhance your existing skills, this workshop promises to empower you with the knowledge and techniques needed to unlock the full potential of your data.

Your trainer

Dr Alan Keoy
Facilitator

Who Should Attend?

- Professionals involved in making data-driven decisions or overseeing the decision-making process

Program Objectives

- Equip decision makers with the skills to efficiently filter and analyze large datasets using Power BI.
- Provide practical training on creating dynamic and insightful visual presentations with Power BI dashboards.
- Enable participants to make data-driven decisions by harnessing the full potential of Power BI's features.
