

# Mastering Research Excellence for Success through High-Quality Paper Publication

13-14 July 2024 | 9 AM - 5 PM |

Venue: TBC, Level 2, Le Quadri Hotel KL

## Overview

This intensive workshop is designed to elevate your research capabilities and scholarly impact. This program aims to empower participants with the essential skills and knowledge required to conduct high-quality research effectively. It will also equip you with strategies to increase the visibility and influence of your research within and beyond the academic community. Additionally, the workshop will familiarize participants with key metrics used to evaluate research impact, aiding in strategic career advancement and recognition.

Throughout the workshop, we will delve into publication strategies and manuscript preparation, enhance academic visibility and online presence, and develop proficiency in systematic literature reviews using the PRISMA methodology. The hands-on sessions will provide practical experience, ensuring you can apply these techniques confidently. Join us to transform your research approach and achieve greater recognition and impact in the academic community.

**Ts. Dr. Vahid Khosravi**

## Program Objectives

- To enhance research capabilities: Empower participants with essential skills and knowledge to conduct high-quality research effectively.
- To improve scholarly impact: Equip participants with strategies to increase the visibility and influence of their research within and beyond the academic community.
- To foster research metrics: Familiarize participants with key metrics used to evaluate research impact, aiding in strategic career advancement and recognition.
